

Create a Cornerstone Success Center account

The Cornerstone Success Center is where you can access Cornerstone's training materials, such as videos, live webinars, quick reference cards, and the Q&A forum. All Cornerstone admins, whether at a program, local, agency, or Enterprise-wide level, should create an account.

1. Go to <https://clients.csod.com>.
2. Select the **Create Profile** button.
3. Fill out the rest of the details on the registration page. Our Company/Organization name is "State of Wisconsin", and our Cornerstone portal's name is "widoa".
4. Register for training the same way you do in our own Cornerstone site. The Cornerstone Success Center runs on Cornerstone!
